

# MARKET REPORT

## Growing Regions

### PROSSER, WA

We are wrapping up our storage onion season in Prosser in the next 10-12 days. We have good quality yellows still available. We greatly appreciate all the hard work and sacrifices made from everyone during these unprecedented times.

### BAKERSVILLE, CA

We have kicked off our summer onion season in California where we have excellent quality yellows, reds, whites, and sweets available to ship! See newsletter link for photos.

### COLUMBUS, NM

In New Mexico, we have started this week with shipping yellows, and will have a full product line of reds, whites, and sweets in the upcoming weeks. We have excellent quality and supply to support consumer demand!

### WINTER GARDEN REGION, TX

We will wrap up packing and shipping from the Winter Garden region in the next week. We greatly appreciate all the hard work and dedication from our growers and shed workers.

## Transportation

Transportation out of the NW and UT is steady, CA is tight with rates climbing. We are very excited to kick off our summer onion season in New Mexico and California, and look forward to using our trusted asset companies to help us secure on-time deliveries for all of our customers.

**Please check with your sales person as some hours may vary from shed to shed over the Memorial Day holiday.**
