

Onions 52 Inc.

848 SOUTH 2000 WEST

Syracuse, UT 84075

4/18/19

Onions 52 Inc. is a shipper that stores, sizes, grades and packages onions. The product is inspected by an in-house quality assurance inspector. After passing inspection, the onions are released to the sales department. The company then markets the onions throughout the United States and occasionally will export the onions to other countries. This company is the sole sales agent for several local onions growers within the Utah area.

All produce received is in accordance with USDA GAP (Good Agricultural Practices) and is handled in compliance with GHP (Good Handling Practices). All pesticide residue levels are received in compliance and within tolerance of the maximum residue limits allowed, and in addition, the onions are sampled and tested by a qualified independent third party annually. This manual provides guidelines for the Standard Operating Procedure (SOP) to help insure that our product is safe. In addition, the company maintains a HACCP program and we are audited for food safety by Primus annually.

Onions 52 Inc. is registered with the Food and Drug Administration in compliance with the Public Health Security and Bioterrorism Preparedness and Response Act of 2002. The facility registration number is 11093165872. The facility has been re-registered for the next two years as of November of 2018.

Onions 52 Inc. is committed to producing safe wholesome products by abiding local and national laws. The company is fully committed to insure that our food safety program is consistent with, or exceeds industry standards and that every effort to keep the program updated will be implemented. Continuous training and constant education amongst all employees concerning food safety will be a primary goal of the company. Onions 52 Inc. recognizes that knowledgeable employees understand why it is important to comply with the rules and regulations within the produce industry to produce safe products. Onions 52 Inc. constantly educates all employees and monitors the employees in order to assure that they are in compliance and committed to safeguard the food produced by the company.

Onions 52 Inc. management supports the food safety program by implementing cross-functional teams, constant documentation, and continuous education. By working together and in harmony, the company ensures that its products are safe.
